## Latest updates from governments and national authorities

### Svalbard

- [Change](#) in categorisation of countries.
- [Change](#) of travel advice for some Nordic regions.
- [Extension](#) of travel advice to January 15 and changes in categorisation of countries.
- [Firmer rules for Svalbard](#) from September 3. A ban on cruise activity on Svalbard has been implemented. This does not apply to day cruises and cruises that start and finish in Svalbard, with up to 30 people on board. These regulations will initially last until November 1.
- The Norwegian government [recommends](#) to avoid any unnecessary travel abroad. [Updated](#) October 1.
- [Changes in travel advice](#). There have been reports of significantly increasing incidence in several countries and regions in the EU / EEA. The Norwegian government will therefore introduce entry quarantine requirements for travelers from additional countries in the EU / EEA, more countries change from yellow to red.
- Quarantine must be carried out on the mainland. [Info from Sysselmannen](#).
- Norwegian authorities have revised the travel advice from August 19 following an increase in infections in many countries. Travelers from “red” areas must go in quarantine upon arrival to Norway. [See updated list here](#)
- Norway has passed temporarily new and more restrictive regulations for cruise operations in Svalbard, and along the Norwegian coast. We refer to mail sent out to members on August 6.
-  Effective October 28, Foreign workers who have been in an area where the level of infection is particularly high during the 10-day period before their arrival in Norway must go into quarantine on entry to Norway. In addition, there are new instructions for foreign workers who are exempted from the duty of quarantine. [See information here](#).

### Greenland

- New entry [requirements](#) - quarantine, negative tests and face masks for all.
- New test center and [procedures](#) in Nuuk (Danish)
- Visit Greenland [FAQs](#) updated October 5.
- Greenland Government has updated the Executive Order on travel to Greenland. [Link](#) (Danish)
- Cruise vessels may not enter Greenland waters if they have visited a port in another country within 14 days before arrival to Greenland. [Link](#) (Danish). See Visit Greenland FAQ page [here](#).
- Information on travel to Greenland [Link](#).

## Iceland

- Latest information on screening and infections at Iceland's borders on October 23 [Link](#).
- Double screening for those arriving in Iceland. [Link](#).
- Quarantine shortened from 14 to 7 days, ending with a test, from September 14 [Link](#).
- Information for those travelling to Iceland [Link](#).
- Foreign nationals, who are neither [EU/EEA nor EFTA nationals](#), are not allowed to enter Iceland unless they can demonstrate that their travel is essential. See [link](#)

## Arctic Canada

- Who can enter Canada [Link](#).
-  COVID-19 GN Department of Health Update – October 26. [Link](#).
- Nunavut extends public health emergency - October 1, [Link](#).

## Travel advice and information from authorities

### Svalbard
